

# MEMS Modeling Workshop

<b>MEMS Alliance</b>  <i>An alliance of companies, universities, and government laboratories in the Washington DC metropolitan area. Our mission is to create a group that networks expertise, capabilities, and research to facilitate the development of new applications, commercialization, and standards for MEMS technologies.</i>	<a href="http://www.memsalliance.org">www.memsalliance.org</a>

An Alliance Of: Companies Universities Government Laboratories	

Friday, October 20, 2000

8:30 am - 3:00 pm

National Institute of Standards and Technology  
Lecture Room A

Workshop Focus: Organizations who specialize in the development of simulation tools for modeling MEMS devices and systems will present overviews and demos of their software tools.

8:30	Registration/Coffee	
9:00	Michael Gaitan	Opening Remarks
9:10	Anantha Krishnan	Overview of DARPA Composite CAD Program
9:30	Darin Davis	Microcosm Technologies
10:15	Break	
10:30	Abed Khaskia	Ansys
11:15	Marek Turowski	CFD Research Corporation
12:00	Lunch	
1:00	John Costello	MEMSCap
1:45	Nora Finch	IntelliSense Corporation
2:30	Break	
2:45	Demos/Posters	

Contact: Michael Gaitan, [gaitan@nist.gov](mailto:gaitan@nist.gov)
